

# Come hear the little nightingale sing!

The long-awaited...

Much-anticipated...

FINAL solo-performance  
of

**DAVID SOLOVEICHIK**

and his Molecular Circus

in

**Molecules Computing: Chemical Reaction Networks**

*tra-la-la-la-la!*

*Chemical kinetics is TURING-UNIVERSAL!*

*Robust Networks are EASY to simulate!*

*I can build ANY circuit out of DNA!*

*tweet! tweet!*

as he entrances his thesis committee  
and demonstrates the power of  
chemistry...

**in BBB 24  
on Monday, May the Fifth,  
at one o'clock in the afternoon**
